

Ravelle Pillay

Biography

Ravelle Pillay (b.1993, Durban, South Africa) is a painter who considers the legacies of colonialism and migration, and their subsequent hauntings and reverberations in the present. She draws from found and family photographs and the material degradation of images over time to consider agency, memory, and life-making.

Pillay's first institutional show, *Idyll*, opened at Chisenhale Gallery, London in 2023. This followed a residency at Gasworks London at the end of 2022.

Group exhibitions include: *Silence Calling from One Continent to Another*, Goodman Gallery, (2021) and *(Un)Natural : Constructed Environments* at the Nasher Museum of Art (2023-2024). Pillay's work will also be included in the exhibition *Soulsapes*, which opens at the Dulwich Picture Gallery, London in February 2024.

Pillay is the first prize recipient of the 2022 African Art Galleries Association's Emerging Painting Invitational. Pillay received a degree in Fine Art from the University of the Witwatersrand in 2015.

She lives and works in Johannesburg.
